PHASE-OUT NOTICE 88 867 xxx

Dear Channel Partners,

The purpose of this product notice is to inform you that the Crouzet 88 867 xxx product range is in the phase out process.

The product series is being phased-out due to one of our suppliers stopping production on one of the components needed. For this reason, we are no longer competitive on these products.

We will continue to sell the PNs until all stock is depleted. Please note that **a last-time buy order is possible until October 2018**, with last delivery to be expected in December 2018.

A reminder closer to the final order date will be sent for your last time purchase, but please review your customer orders and prepare for the transition accordingly.

Please see separate Excel file for all part numbers and alternative solution when available.

Crouzet will launch and offer a direct replacement in November 2018. The new plug-in timers will join the Syr-line family, and will feature an enhanced product range that will be more competitive.

We appreciate your understanding and we will keep focusing on providing more enhanced and value-added products for you.

Do not hesitate if you have further questions.

Kind Regards,

Jill Wagar
Channel Sales Manager
