

## **SBC8241 : BNC 75 Ohm**

### **BNC BROADCAST GRADE BELD 8241**

BNC style connectors are miniature, light-weight interconnecting devices characterized by their two-stud, quick disconnect bayonet lock coupling arrangement. Their design functions satisfactorily from DC to 4 GHz.

Primary applications include radio telecommunications, broadcast equipment, medical equipment, computer, Precision Video, High Definition studio broadcast, video switching, and test instrumentation where frequent coupling and de-coupling are necessary. Bomar's BNCs are available in an extensive variety of configurations and cable sizes and are impedance matched to either 50 ohm or 75 ohm.

We recommend that you confirm the precise technical information presented on the website with an engineer before designing into your application. Read disclaimer.
