## Product Discontinuation/Replacement Notice

### PCN 2020-2 – EAO Series 84 Emergency Stop switches with plug-in terminals discontinuation and replacement notice.

With the release of the new improved Series 84 Emergency Stop and Stop switches that offer longer lifetimes, higher IP ratings and improved illumination, EAO will discontinue the existing Series 84 Emergency Stop switches with plug-in terminals from 30<sup>th</sup> June 2020.

The new versions are a direct 'form and fit replacement' for the existing Emergency Stop switches and EAO Ltd can provide a sample of the new Emergency Stops on request.

The complete list of part numbers affected are shown in Appendix 1 attached, but in summary:

Old part number (# is wildcard)	New part number (# is wildcard)
84-50#0.0020	84-52#0.0020
84-51#0.0020	84-53#0.0020
84-50#1.2B20	84-52#1.2B20
84-51#1.2B20	84-53#1.2B20

#### Features and Differences

##### Current Emergency Stop

IP65 front protection  
 Two piece front plastic mushroom head  
 Rated mechanical life 50,000 operations  
 EN 60947-5-5 / EN 13850 and UL approval  
 Single LED Illumination

##### New Emergency Stop

IP65 and IP67 front protection  
 Single piece head, moulded in arrows  
 Rated mechanical life 250,000 operations  
 EN 60947-5-5 / EN 13850 and UL approval  
 Improved SMD Single or BI-Colour Illumination

Please note products with flying leads part numbers ending with "40" are not being discontinued.

If you have any other questions about the discontinuation of this product and the replacement parts, then please contact our customer services team on 01444 236000
