**Changes heavy|mate A series, screw for 3 + 4 pole pin- and socket inserts**

Dear Sir or Madam,

we continually strive to improve our high level of technical development.

That was the reason to change the packaging of the screw for our 3 and 4 pole pin- and socket inserts. Screw and O-Ring will be separately packed, so it's not necessary to remove the screw from the insert before assemble in the hood and housing.

P/N will be the same, see page 2.

To show the difference see pic on page 2. The actual parts will be replaced by the new ones after using up existing stock.

Mit freundlichen Grüßen
