

26-Aug-2019

PCN #:E-19-013005

Subject:PRODUCT GROUP DRAWING FOR TAB CONTACT 1.2MM
Produktgruppenzeichnung Flachstecker 1.2mm

Description of Change: In order to enable reduce portfolio and production complexity and with aim to improve our shipments and delivery commitments. Please be informed that as part of the MCON optimization program done in 2014 to improve the performance with regards to Slow Motion bending test and LV214/USCAR qualification the following PNs are superseded (Obsoleted and replaced by new Part numbers released and in production since 2011). The only difference in the new PNs is a different crimp serration design, therefore the same application equipment can be used to crimp the terminals.

Reason: Discontinuance. Discontinuance - Superseded parts. For detailed information contact matthias.cassel@te.com
