Title of EOL: U300 Series Industrial SLC microSD Cards

Date: 3/11/19

EOL No: 412-0033-00

EOL Effective Date: 3/11/19

Last Time Buy Date: N/A

Last Time Ship Date: N/A

Description:

Delkin Devices' contract manufacturer for the U300 Industrial SLC microSD card Series has experienced a major production disruption, thereby forcing the temporary discontinuation of this product line. Delkin is actively working to establish a new supply chain for this product, which will be re-introduced as the U300A Series, however the schedule for samples is still to be determined at this time.

Products Affected:

See part number list on page 2.

Impact of Change:

Due to the abrupt reason for this end of life announcement, last time buy opportunities will be limited to inventory on hand.

Delkin recommends immediate qualification of our U331A Series Industrial SLC microSD, which is available in 512MB – 4GB capacities, and will shortly be available in 8GB.

As soon as the new supply chain is established and samples are available for the U300A Series, Delkin will provide notification to affected customers.

Reference Documents/Attachments:

None.

Qualification Samples:

Qualification samples of the replacement part numbers are available as noted above, and you are encouraged to contact your Delkin Sales Representative to discuss the options and your requirements.

Please direct any other questions to your Delkin Sales Representative.

Sincerely,

Tina Guidotti
 Director of Product Management and Technical Support
 Delkin Devices, Inc.
