

Product Change Notification (PCN)

PCN Number	508491	Date Issued	June 05, 2020
Reason for Change	Capacity change or tool replacement		
Change Type Description	This letter is to inform you that another set of tooling is being added to meet the current and future demands of this product. There will be no changes in the fit, form or function from the additional tooling when compared to the current tooling.		
Assessment of Change	Passed FAI		
Internal Molex Qualification Date	July 01, 2020		
Sample Availability Date (Changed Part)	July 01, 2020		
Planned Implementation Date	August 01, 2020		
Method of Identifying Change	Product made after planned implementation date can contain the change		

Before Change

Before:

Manual assembly line for MX150 unshrouded headers

After Change

AFTER : Overview

- Currently a shared manual assembly line is used for the MX150 unshrouded headers (all series).
- Molex is replacing the manual assembly line with a shared semi-automated assembly provide additional flexibility which will enable better customer support.
- **Product Impact**
 - No impact to fit, form or function
 - Same manufacturing concept to be used for semi-automated line
- **Part Number Impact**
 - See attached impacted parts list
- Qualification Reports and samples available upon request after the date shown above
